## Robins

### What Have We Been Learning?

This month we started off by celebrating the New Year by creating firework themed artwork. We then focused on 'all about me' and learning about our facial expressions and emotions; using the colour monster book to help!

The children have been exploring an Italian restaurant themed home corner with loose pasta, images of Italian food and using Euros to pay for their food. They have even had a go at saying some Italian words.

We then transitioned the home corner to a supermarket, where the children explored real fruit and veg to promote healthy eating and we played 'guess the vegetable!'

During circle time we have implemented a song box as well as a story box, using puppets and props. The children have also begun to self-register and identify their emotions and how they are feeling each day.

## Whats Next?

Next month we are going to continue to look at our emotions, but in particular how we can make ourselves feel better if we are sad or become overwhelmed.

We will be celebrating Chinese New Year with various fun activities and cooking something traditional with chef Bryan, as well as eating yummy pancakes on pancake day and celebrating Valentines Day.

## Reminders

As you know, the children have been choosing their own library books. Once you have read these at home, please do return them as soon after as possible, so we can continue rotating the books with all the children.

Please can we remind you to label your children's clothes, so they are easily identifiable if taken off or missing.
