

## What have we been learning?

Wow, where did January go!

This month we have been focusing on learning our numbers and what numbers actually look like.

We took part in national story telling week and loved our 'Goldilocks and the 3 bears' tuff tray, where they were feeding the teddy bears porridge and using their fine motor skills to do so.

We then had fun celebrating Chinese New Year, where we explored a tuff tray full of Chinese resources and we got to use the scissors and practice our cutting skills, along with making vegetable spring rolls with chef Bryan. We also turned our home corner into a Chinese restaurant where we got to order food from the Chinese menu!

## What's next?

Next month we will be creating a hair salon to coincide with children's mental health week as well as lots of sensory themed activities. we will also be celebrating Valentine's day and spreading the love.

## Reminders

As the weather is becoming colder and wetter, please can you ensure your child has warm waterproofs, wellies, a hat and gloves and lots of spare clothes.

Library books are changed on a Tuesday and Thursday, so please remember to bring these back once you have read them so we can change it for a new one.
