

## What have we been learning?

We started off the month with story telling week and the children engaged with a 'The tiger who came to tea' activity.

We then celebrated children's mental health week and valentines day, where the children enjoyed being pampered during the spa day and having their hair done at the 'salon'. After a relaxing week we explored colours within the rainbow and different colours we used during potion making.

We then had pancake day, where the children got to make their own pancake mix, using their fine motor skills and listening to instructions and then got to watch them being made.

## What's next?

We have lots to celebrate next month, including world book day where we will be incorporating identifying some letters, science week where we will be taking part in different experiments and of course celebrating our amazing mummies for Mother's Day.

## Reminders

Please ensure your children's clothes are labelled.

Thursday 5<sup>th</sup> March is world book, so please allow your children to bring in their favourite book.
